MACK Estates Finishes

Traditional Finish

The style of the Traditional finish level provides a more classic appearance. Oak moulding, cherry cabinets and 18" square ceramic flooring presents a very warm look.

Contemporary Finish

The Contemporary finish level adds elegance to the interiors. Espresso cabinets, marble countertops and silver glazed porcelain tile provide a more modern feel.

Standard Finish

The Standard finish delivers high-quality interiors that compliment the unique housing styles found in many Chicago neighborhoods. White moulding, rectangular porcelain tile and satin nickel finishes add to the home's appeal. **Note: Standard and Wheelhouse are different. Please refer to the rentMACK portion of this book.*
